

**GLASSWORKS
HOUNSELL**

> LETTER BOX BATCH CHARGERS (LBC)

The Glassworks LBC also known in other parts of the world as the ACI or Hartford Charger are suitable for all furnace sizes operating with a closed doghouse. These batch chargers take their name from the closed letter box type entry into the furnace.

STANDARD FEATURES:

- > Pusher (air or water cooled)
- > Geared motor for variable speeds
- > High tension springs
- > Reinforced hopper
- > 4 rollers and suitable track
- > Fabricated pusher

SPECIFICATION SHEET

PRECISION BRITISH ENGINEERING
